Check the statement that best describes your current work interest with TLC. Or write your own statement to best describe what is true for you.

(YES) *I am looking for work which is longer-term more like a career, something to which I can be passionately involved in, and be an intimate guiding part of the continual growth of a forward thinking business. I envision a mutually beneficial relationship with TLC where I can grow personally and professionally and therefore desire a long term commitment/position of many years.*

(YES) *I am looking for a great place to be, to work and learn for the next year or two. Though this role may not be my life's long term role/purpose, I see it potentiating who I am and and benefitting my personal growth for my future endeavours. I know I can give my all in this relationship with TLC to benefit its growth as a business and service to its community.*
